Do not Write in this margin

The statement signifies the importance of objectivity and by bypassing the personal and societal biasness, convention and aim the ultimate welfare as purpose.

Ethical values Involved with example

1) Signifyes the integrity and dedication to service.

2) IAS Ashok kamelka → discovering & reflecting corruption in every posted sector.

2) describes the effectiveness and efficiency maintance in implementing Policy. eg. Completion of RBI Swap mechanism before economic recession.

3) Promotes the intellectual & moral & positive attitude escaping social prejudice

eg. Ayushman Bharat ✗ → Insurance exploitative prejudice.

Opening only restates the statement; open with a case such as Khemka's, then state your stance.

Integrity and dedication are the right ethical values for this framework.

Good example; add the 2012 Gurugram land deal cancellation and state why it shows integrity.

Name the scheme and a measurable result; a swap mechanism is too vague to prove efficiency.

Ayushman Bharat does not show escape from prejudice; use Jan Dhan accounts for women or Ujjwala LPG for gender bias.

MENTOR FEEDBACK

The answer names relevant values and a strong example in Ashok Khemka, and the diagram links attitude and integrity to the welfare aim. The most useful improvement is to argue explicitly how reason and critical thinking make welfare schemes succeed, backed by a scheme such as JAM with data.

DETAILED ANALYSIS

0.5/1.5 **Introduction** — NEEDS WORK

The opening only restates the statement about objectivity and welfare without a hook or stance.

STRENGTHS

+ Defines objectivity as bypassing personal and societal bias to aim at welfare.

AREAS TO IMPROVE

"Explain how reasoning identifies needs and tests schemes against data, and back it with the JAM trinity."

- Study the Model Answer to see this principle applied in practice.

MISSING KEYWORDS

   Shows how a welfare delivery system relies on reasoned design to reach the intended beneficiaries.
2. **Second ARC report on ethics in governance**
